Dates	Created on 11/24/2022 20:15:31 by Gergana Nedelcheva Updated on 11/27/2022 20:48:27 by Gergana Nedelcheva

Test Script

1	Step
	Navigate to the application URL and click on the sign up button in the right top corner

	Test Data
	http://poll-app5-20221101.softacad.bg
	Expected Result
	Application is loaded properly and redirects user to the registration form
2	**Step**
	Enter correct full name
	Test Data
	Gergana Petrova
	Expected Result
	Full name is visualized and accepted by the field
3	**Step**
	Enter correct username
	Test Data
	Gergana789
	Expected Result
	Username is visualized and accepted by the field
4	**Step**
	Do not enter email
	Test Data
	Expected Result
	Email field remains empty
5	**Step**
	Enter correct password
	Test Data
	Gergana
	Expected Result
	Password is masked and accepted by the field
6	**Step**
	Click on the Register button
	Test Data
	Expected Result

	User is not registered.
	Blank field is highlighted in red and displays the following system message - "Email may not be empty"
	User remains on the registration page.

SWTES0111-T768 (1.0) - [TG5][GERGANA NEDELCHEVA] Create registration without Full Name and email as User/Admin

Details

Key	SWTES0111-T768
Name	[TG5][GERGANA NEDELCHEVA] Create registration without Full Name and email as User/Admin
Objective	The objective of this test case is to test the acceptance criteria: 1. The user shall be able to select the signup button (main menu) and redirected to the registration form 2. If user/admin not fills fields Full Name and email user/admin shall not be registered
Precondition	1. The application is started 2. The user is not logged in the application 3. The user has no registration in the application Link to user story: 1. SWTES0111-3

Test Script

1	Step

	Navigate to the application URL and click on the sign up button in the right top corner
	Test Data
	http://poll-app5-20221101.softacad.bg
	Expected Result
	Application is loaded properly and redirects user to the registration form
2	**Step**
	Do not enter Full name
	Test Data
	Expected Result
	Full name field remains empty
3	**Step**
	Enter correct username
	Test Data
	Gergana1234
	Expected Result
	Username is visualized and accepted by the field
4	**Step**
	Do not enter email
	Test Data
	Expected Result
	Email field remains empty
5	**Step**
	Enter correct password
	Test Data
	Gergana
	Expected Result
	Password is masked and accepted by the field
6	**Step**
	Click on the Register button
	Test Data

Expected Result

User is not registered.

Empty field are highlighted in red and displays the following system messages -

"Full Name is required!"

"Email may not be empty"

User remains on the registration page.
